

Hello all! To start, let's get those doodles and notes in here (= Remember, post just the links to the pictures, without saying who you are just yet. After posting, you can clear authoship colours in the entire pad, or simply don't write your name for the time being - that will make you *unnamed* on the pad's list and no one will be able to tell which doodle/note is yours ^^

Don't start guessing just yet - but when you do, then do give yourself a name and mention a reason or two why you think a specific doodle or note comes from the specific person!
